# SMART AQUACULTURE

The leading IoT Platform

## How Atilze Smart Aquaculture helps?

**20% Reduction in Electricity Usages Per Pond**

**5% Improvement of Survival Rate per annum**

**10% Improvement of Aquatic Life Quality**

### Sensors

#### Dissolved Oxygen

To monitor the oxygen level in the water

#### pH

To monitor acidity or alkalinity of water

#### Water Temperature

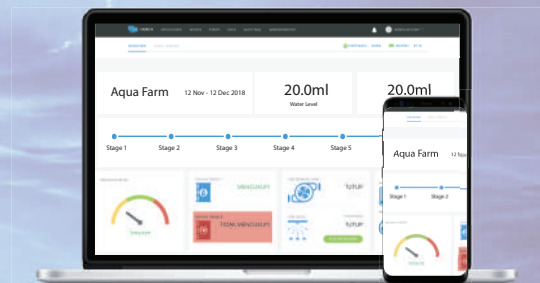

To monitor water temperature in the water

#### More

Additional sensors available to suit your needs

### Platform
